EDUCATION

- Lycée Mathias Adam
2015-2018
TE-ALL
- Lycée Mathias Adam
2018-2022
Section Générale Ingénieur (GIG)
- University of Luxembourg (University of Namur Exchange Semester)
2022-2025
Bachelor in Computer Science
- University of Luxembourg
2025-Present
Master in Information and Computer Sciences

EXPERIENCE

- Costantini SA
Manoeuvre (Summer Job)
2019-2025
 - Assisted with on-site construction logistics and equipment handling
 - Developed teamwork and time management skills in a high-paced environment

PERSONAL PROJECTS

- MicroK8s Cluster (HomeLab)
Running multiple applications on a self made dual node MicroK8s server.
pearlabs.dev
 - Tools & technologies used: Ubuntu Server, MicroK8s
 - Designed and deployed a Kubernetes HomeLab using MicroK8s on Ubuntu Server with repurposed laptop hardware and a custom-built case as the worker-only node and an HP ProDesk as the controller + worker node.

SKILLS AND INTERESTS

Languages:

Portuguese (Native) ██████████
Luxembourgish ██████████
French ██████████
English ██████████
German ██████████

Programming Languages:

Python, JavaScript, Java

DevOps & Infrastructure:

Linux, Docker, Kubernetes, MicroK8s

Frameworks & Tools:

ROS, FastAPI, React, React Native

Databases:

Firebase, SQLite

Version Control:

Git, GitHub

Hardware & Embedded Systems:

Raspberry Pi, DJI Tello Drone, Sensors, GPIO

CAD & Digital Fabrication:

3D Printing (FDM), 3D Modeling (Fusion 360)
