Education

•Lycée Mathias Adam
2015-2018 — TE-ALL

•Lycée Mathias Adam
2018-2022 — Section Générale Ingénieur (GIG)

•University of Luxembourg (University of Namur Exchange Semester)
2022-2025 — Bachelor in Computer Science

•University of Luxembourg
2025-Present — Master in Information and Computer Sciences

Experience

•Costantini SA
Manoeuvre (Summer Job)
2019-2025

- Assisted with on-site construction logistics and equipment handling
- Developed teamwork and time management skills in a high-paced environment

Personal Projects

•MicroK8s Cluster (HomeLab) — pearlabs.dev

Running multiple applications on a self made dual node MicroK8s server.

- Tools & technologies used: Ubuntu Server, MicroK8s
- Designed and deployed a Kubernetes HomeLab using MicroK8s on Ubuntu Server with repurposed laptop hardware and a custom-built case as the worker-only node and an HP ProDesk as the controller + worker node.

Skills and Interests

Languages:
Portuguese (Native)
Luxembourgish
French
English
German

Programming Languages:
Python, JavaScript, Java

DevOps & Infrastructure:
Linux, Docker, Kubernetes, MicroK8s

Frameworks & Tools:
ROS, FastAPI, React, React Native

Databases:
Firebase, SQLite

Version Control:
Git, GitHub

Hardware & Embedded Systems:
Raspberry Pi, DJI Tello Drone, Sensors, GPIO

CAD & Digital Fabrication:
3D Printing (FDM), 3D Modeling (Fusion 360)
